1. Print out the pictures below

2. If you are using a laminator now is the time to use it

3. If not, cut around your frogs leaving a little flap at the bottom

4. On your log and pond, score/cut 5 small lines the same width as the flaps on your frogs (be careful to do this on a surface you won't scratch)

5. Place your frogs into the lines cut and you are ready to go.

6. If you want to use sticky back velcro, you do not need to cut flaps for the base of the frog or score holes in the pond and log.

You are your baby
Toddler and a teddy

Movements for the helicopter song

This song is a hands on song for you and your child, or if a toddler would like to do this with their teddy

When you sing of the "helicopter hovering," you can hold your baby under its arms with their legs dangling towards the floor (like their a little helicopter)

Then when the song gets to "going up" - you lift your child in the air

Then when it says "down" you bring your baby down to the ground. Again back up and down as it repeats.

Finally when you say all around you can spin with your baby

Then for the final section, go back to hovering

It's nice to face your child if its just the two of you, but I there are a few of you, face the children out so they can see each other

HELICOPTER SONG

Helicopters hovering in the air
Chop chop go the blades.

Helicopters hovering in the air
Chop chop go the blades.

We're going up and down
All around
Up and down
Oh my gosh how far to the ground

Helicopters hovering in the air
Chop chop go the blades.

What you will need

Material, any fabric
Scarf if you haven't got spare fabric

What to do with your fabric

When you are ready, place the fabric gently over the children. When they are not visible you can start to sing. "Where have all the children gone"

When the lyrics say "oh I see them, here they are," Lift the fabric off the children and its always nice to looked surprised at 'finding them'

If there is a group of you, it's really nice to do this with a large piece of fabric and to put it over all the children and use it like a parachute.

WHERE HAVE ALL THE CHILDREN GONE?!

Where have all the children gone
Children gone, children gone
Where have all the children gone
The children gone today?!

OH, I see them, here they are
Here they are, here they are
Oh I see them here they are
We found them all again!

Where have all the parents gone
Parents gone, parents gone
Where have all the parents gone
The parents gone today?!

Oh I see them here they are
Here they are, here they are
Oh is see them here they are
I found them all again

Where have all the.....(anything you want to hide and seek)

What you will need

- Material, any fabric
- Fairy lights
- Bubbles (if want)

Lullabies

The songs here are ones that are different, but very calming. Its nice to use items to create a cosy environment. You can rest material on backs of chairs and lay with your toddler underneath, so to create a nice little environment. If it's still bright, maybe shut the curtains and turn the lights off and you will see the fairy lights above you both.

These songs have no movement to them, just a nice quiet environment for you and your baby

Баю-баюшки-баю,
Не ложися на краю.
Придѣт серенький волчок,

И утацит во лесок
Под ракитовый кусток

On the edge you mustn't lie
Or the little grey wolf will come
And will nip you on the tum
Tug you off into the wood
Underneath the willow-root

What you will need

Teddy bears
Bubble blower/machine
Fairy lights

All the animals

For this piece of music, place all of the animals (teddy bears) under the fabric with the fairy lights on. It's nice to let your child put them 'to bed' themselves and then you can sing the song together as a nice relax.

I'm forever blowing bubbles

This is tricky to do and sing so please feel free to use the recording provided if you don't have a bubble machine, or you can let you child bow the bubbles instead. While the music plays, let the bubbles fall down over your child.

All the animals under the stars

Going to sleep

Going to sleep

Going to sleep

Monkey s and lions and tigers and bear

Softy falling to sleep

Sleeping sleeping sleeping under the
stars

I'm forever blowing bubbles,

Pretty bubbles in the air,

They fly so high, nearly reach the sky,

Then like my dreams they fade and die.

Fortune's always hiding,

I've looked everywhere,

I'm forever blowing bubbles,

Pretty bubbles in the air.
